

The annual dental department gathering

As the end of the year came closer, the annual dental department gathering was held in recognition of everyone's service rendered this year. Last year's gathering was held at the scenic Tamsui. Every member of the dental department came to join this joyful party. Delicious food was served and everyone enjoyed the fantastic shows prepared by visiting staffs, resident doctors and intern doctors. From the manly dancing performance of the naked guys to Dr. Lay's professional ball room dancing, this year's annual dental department gathering was very successful indeed.

During the performance, the head of the dental department, prosthodontic department and operative dentistry department suddenly came out wearing costumes of famous movie characters, the crowd was totally crazy and everyone took out their camera to keep this classic scene for souvenir.

Last but not least is the lottery everyone looked forward to the whole night. The prize prepared by the visiting staffs included all kinds of goodies such as televisions and ipods. Everyone enjoyed a wonderful evening and went home with a handful of presents and a stuffed belly!
